

Precision Testing Project

FOURTH WEBINAR

TITLE: “New precision testing methodologies (NGS, CGP, Circulating Tumor Cells)”

In collaboration with the European Society of Pathology

Co-chairs:

A. Batistatou, GR

J. Geissler, DE

Welcome and introduction – A. Batistatou, GR

- 1st presentation: **“Molecular Pathology: from traditional histological classification to comprehensive genomic profiling”** – H. Moch, CH
- 2nd presentation: **“NGS on solid and liquid biopsies”** – K. Homicsko, CH
- 3rd presentation: **“The clinicians’ questions around NGS”** – I. Boukovinas, GR
- 4th presentation: **“Genomic profiling and drugs”** – C. Luchini, IT
- 5th presentation: **“Taking us towards true precision medicine”** – A. Burt, UK
