

Sharing Progress  
in Cancer Care

**SPCC Webinar Series**

**Breast Cancer Highlights**

**from Major Oncology Congresses**

Sharing Progress  
in Cancer Care

## BACKGROUND

Due to the results of the 2021 Webinar Series (380 participants from 44 countries) SPCC is pleased to propose again in 2022 the initiative "**Breast Cancer Highlights from Major Congresses**".

## LEARNING OBJECTIVES

- To raise awareness about the latest developments in breast cancer
- To present guidelines of breast cancer care
- To allow the audience to send live questions to the experts

## TARGET GROUP

Medical Oncologists – Radiation Oncologists – Breast Radiologists – Onco-geneticists – Oncology Nurses  
– Patient Advocates

## TOPICS

- Early Breast Cancer
- Advanced Breast Cancer
