

Sharing Progress
in Cancer Care

SPCC Project Proposal

**Cancer & Covid:
Prevention and Treatment
including
Monoclonal Antibodies (MoABs)**

2022/2023

PROJECT OUTCOMES

FIRST STEP - TASK FORCE: 22 June 2022

A virtual task force to discuss new strategies to tackle cancer and covid using all approved agents and monoclonal antibodies (MoAB) in prevention and treatment.

SECOND STEP - SCIENTIFIC POSITION STATEMENT

Dr. Adriana Albini - Editor-in-Chief of [Cancerworld](#) (medical magazine funded and distributed by SPCC) - attended the Task Force as observer and produced a report.

To read the full article please [click here](#).

THIRD STEP - WEBINARS

Format: 3 live webinars via www.oncocorner.net

Each live session will be recorded and, after one week, made available on-demand on the SPCC OncoCorner platform.

Webinar duration: 60 minutes each

Tentative Timeline

Webinar 1 – January 2023

Webinar 2 – March 2023

Webinar 3 – March 2023

Outcomes

A series of reports (3) summarising the highlights of each webinar and panel discussion will be published on the [Cancerworld website](#).

A scientific journalist will produce these reports, for which the collaboration of all faculty will be required. Before publication, each report will have to be evaluated and approved by all faculty of the webinar.

SUGGESTED WEBINAR PROGRAMME

Webinar 2 – March 2023

Date: Wednesday 8 March 2023

Time: from 18:00 to 19:00 CET (with connection at 17:40 CET for technical briefing)

Webinar Title: “Treatment of COVID complications”

Webinar Experts

Alfredo Addeo, CH - Marco Cavaleri, NL – Justing Stebbing, UK

Webinar Chair/Discussant

Giovanni Di Perri, IT

Draft Webinar Programme

18:00 CET	Introduction - Giovanni Di Perri, IT
18:05 CET	COVID and lung cancer patients: focus on the effects of treatment - Alfredo Addeo, CH
18:15 CET	Drugs approved by EMA: indications and limitations - Marco Cavaleri, NL
18:25 CET	From AI to regulatory approval in 9 months: the pandemic baricitinib story - Justing Stebbing, UK
18:35 CET	Discussion and Q&A – Chair and Experts
18:55 CET	Take Home Messages and Closure - Giovanni Di Perri, IT
